

COMMITTEE BELIEVES THAT SANTA ANA HAS A POPULATION OF 10,000

BLANKS SHOULD BE FILLED OUT AT ONCE

M. and M. Takes Steps to Assist in Seeing That Every-one is Counted

The population committee of the Merchants & Manufacturers Association believes that the city of Santa Ana has more than double the population now that it had in 1900, when the last census was taken. The 1900 census showed Santa Ana with a population of 4933. There is every reason to believe that Santa Ana is now in the 10,000 class.

Every legitimate effort will be made by the committee to assist the census enumerators to get the name of every resident of this city, man, woman, child and infant.

The committee today addressed a communication to the citizens of Santa Ana, urging them to co-operate in seeing that none is miscounted in the census. That communication is published herewith.

The plan adopted by the committee is to leave at each dwelling a blank prepared by the committee. This blank can be filled out in advance of the enumeration, and time saved both for him and the one who gives him the statistics he asks. The blanks when filled out are to be for the enumerator only. They will never be seen by the M. & M. committee.

Each enumerator is under oath to keep secret the information secured by him, and the committee can work before and after him, but not actually with him, and the information cannot be given the committee.

The enumerators will begin their work everywhere tomorrow. Santa Ana is in the class that allows thirty days for the taking of the census. Santa Ana's enumerators are: Ward No. 1, Elmer T. Worthy; No. 2, Francis E. McCarter; No. 3, William C. Binkley; No. 4, Lester Slaback; No. 5, Horace Fine.

One reason the committee feels certain that Santa Ana has a population of 10,000 is that the city has 2400 water taps, which means that there are about 3000 dwelling places in the city.

PASSED CONFEDERATE MONEY ON WATTS BAKER

LOS ANGELES, April 14.—It was reported yesterday to the sheriff's office that three men had visited a baker, near Watts, and had passed confederate money on him. The officers in that vicinity were notified to watch for the trio. The trio were later reported as being at Compton, where they were unsuccessful in riding themselves of the worthless bills.

SOUGHT TO KILL BRIAND
SAINT ETIENNE, France, April 14.—A workman, armed with two revolvers and a knife, who declared he wished to kill Premier Briand, was arrested yesterday as he attempted to force his way into the hotel where the premier is staying.

WRONGED HUSBAND IMITATES CUDAHY

LOUISVILLE, April 14.—Henry Derwent is near death in a hospital and the police authorities are searching for Thomas Langdon who believing himself a wronged husband, attempted to avenge himself by a similar attack to that Jack Cudahy made upon Jere Lillis. Langdon found Derwent in his home in New Albany and slashed his hips and side with a large knife.

The Taking of the Census

Tomorrow the 1910 census of the United States begins. It occurs every ten years.

It is the basis of the distribution among states of representation in the National House of Representatives.

It is also the means by which the United States government ascertains the increase in the population, agriculture, industries, and resources of the nation.

The information sought will be used solely for general statistical purposes. It will neither be published nor used in any other way to disclose facts regarding any individual or enterprise.

The census is not, never has been, and can not be employed in any way in the assessment of property for purposes of taxation or the collection of taxes, national, state, or local; for deportation proceedings; extradition measures; Army or Navy conscription; compulsory school attendance; child-labor law prosecutions; quarantine regulations; or in any way to affect the life, liberty, or property of any person.

If any adult person refuses or wilfully neglects to answer an enumerator's questions, or, if any person wilfully gives answers that are false, he or she can be arrested, carried to court, and fined up to \$100.

How Citizens May Aid in Taking the City's Census

To the Citizens of Santa Ana:

We, a committee appointed by the Merchants & Manufacturers' Association of Santa Ana to assist the government census enumerators and see that every person in the city of Santa Ana is counted.

We enclose a blank form, which is a copy of the blanks used by the enumerator. On the first ten lines is a sample showing how they should be made out. Below we have left a space of ten lines for yourself and family.

THE MATTER FURNISHED BY YOU TO THE GOVERNMENT IS STRICTLY CONFIDENTIAL, AND NO PERSON EXCEPT THE ENUMERATOR IS PERMITTED TO SEE IT, SO YOU NEED NOT HESITATE IN ANSWERING THESE QUESTIONS, AS THE INFORMATION IS NOT FOR THE PUBLIC.

The blanks, as you will notice, must contain the street on which you live, your house number, your name, the head of the house, your personal description, as sex, color, age, married or single, number of years married, number of children, your nativity, also, nativity of your father and mother, if foreign birth, when naturalized, whether able to speak English or not, trade or profession, general nature of industry, such as farmer, dry goods store, mill man, etc., whether an employer or employee, able to read and write, if you own your own home or rent, if your own if it is mortgaged. It is necessary that all this be filled out.

We believe that Santa Ana has 10,000 or more population at the present time, but in order to have them all counted and bring us into this class, every person must do his part and see that the enumerator has listed them. If you will kindly fill out the enclosed blank and leave it at your home so when the enumerator calls if you are not there your wife or some person at the house can hand it to him. The enumerators are allowed only thirty days in which to canvass, so it is very important that you fill out the blanks at once and have them ready for him when he calls.

You understand that if Santa Ana has 10,000 population we would be classified with cities of 10,000 or over on all maps and atlases published in the world which do not contain the names of cities of less than 10,000. It would not only benefit us in this regard, but also benefits us in our relations with the government in the postoffice department and with our congressional district.

Committee.

SANTA CLARA IS ABANDONED

All of Sixty-one Passengers of Ill-fated Steamer Have Been Accounted for

EUREKA, April 13.—Passengers of the steamer Santa Clara, who were transferred to the tug Ranger last night, when the Santa Clara struck a bar, were brought here today. None was injured.

The Santa Clara is now seven miles from the harbor, filling rapidly, with no one aboard.

Every passenger of the ill-fated Santa Clara, sixty-one in number, has been accounted for. There is no hope of saving the vessel, as Captain Noren ordered her to be abandoned when the heavy seas extinguished the boiler fires when an attempt was being made to return to Eureka.

YERKES ART AUCTION BROUGHT \$2,207,866

NEW YORK, April 14.—The auction of the Charles T. Yerkes art collection closed last evening at the Yerkes residence, with a total of receipts of \$2,207,866.10.

At yesterday afternoon's session the Cromwellian sword was bought by E. H. Litchfield of Brooklyn for \$1550.

OPERATED TO SAVE SIGHT

Frisco Girl's Eyes May be Saved—Redfern Suspected; Is Not Yet Arrested

SAN FRANCISCO, April 14.—An operation was performed today in hopes of saving the sight of Ruth Wilson, the pretty eighteen year old girl, into whose face some man threw vitrol last Tuesday. Physicians believe the operation will be successful.

The police have not yet apprehended Van Camp Redfern, whose arrest is asked by the girl's parents. Redfern was a rejected suitor, and the parents of Miss Wilson believe he was the man who threw the vitrol.

POPE CUTS AMERICANS FROM CANDIDATE'S LIST

ROME, April 14.—It is announced that the Pope has stricken from the list of candidates for the cardinalate all Americans, including those of Archbishop Farley of New York, Ireland of St. Paul, Quigley of Chicago, and James Blenk of New Orleans.

The chancellor of the Vatican confirms this without volunteering an explanation.

OVERACKER'S STORY TOLD

Declares Winn Had a Gun Which He Thought Winn Would Use

Sylvester H. Overacker, on trial for the murder of Gustavus A. Winn on Jan. 13, took the stand in his own behalf yesterday afternoon. He was on the stand all this morning. Yesterday's testimony was of great interest, for it went to the suddenly sprung defense of self-defense put forward yesterday.

Yesterday Mrs. Overacker declared on the stand that Winn approached her husband, that Winn had a rifle, aimed it at Overacker and held it on him, that Overacker seized his rifle and fired.

Overacker's story was that he had had much trouble with Winn in regard to dikes and flooding. On the morning of Jan. 13 Winn struck at him with a shovel. Believing that Winn meant to kill him, Overacker went to his house and got a rifle.

Returning to the disputed dike he saw Winn approaching. He said Winn had a gun in his hands. Overacker picked up his rifle, and shot. How many times he shot, he did not know. He seemed to have no recollection of how he worked the lever of his rifle. He lost consciousness, so far as his memory now is concerned. He "came to" and found that he had killed Winn. He urged his family to send for a doctor.

Among other things brought out, it was shown that for four years in the seventies Overacker was a sheepherder in Tulare county.

This morning Attorney W. H. Thomas continued his examination of the defendant. The attorney had a hard job on his hands, for Overacker is slow of hearing and he seemed very hard to comprehend what was expected of him. The attorney displayed an endless amount of patience and consideration, and doubtless did as much with the witness as any person could have done.

The man is 62 years of age, but looks older. He uses an ear trumpet. On the whole, he made a good witness. His slowness added to the force of what he had to say.

Other Witnesses
Yesterday afternoon, beside Mrs. Overacker and the defendant, the defense had on the stand John McDowell, H. E. Talbert, B. F. Bates, George Newcomb, William Davis, F. F. Farnsworth and Mrs. Anna Ward. All of these except Farnsworth testified that Winn's reputation for peace and quiet was bad. Evidently the defense expected Farnsworth's testimony would be that Winn's reputation for peace and quiet was bad, but Farnsworth said: "I must say it was good."

Morning Session
The court opened this morning at 10 o'clock. The room was crowded. Teachers from some of the grammar school and high school classes were present with a large number of students of both sexes.

Attorney Thomas placed Overacker on the stand again. The line of testimony was that for several years previous to the shooting, Winn and Overacker had not been friendly, that Winn aggravated and tantalized Overacker on many occasions, that this aggravation amounted almost to persecution.

"The purpose of this line of testimony," said Attorney Thomas, "is to show the state of mind of this old man at the time of shooting. It will go toward making up our second defense, that of insanity."

A calendar was produced. Each day Overacker wrote a few lines on it, making it his diary. Extracts were read in regard to different fringes he had with Winn.

The defense has a large number of witnesses still to be examined, and the trial will take two or three days more. By agreement, adjournment will be taken this afternoon until Monday morning.

NEW YORK SENATE PLAYS SHARP GAME

Votes Unanimously for Graft Resolution But Puts "Joker" to It

ALBANY, April 14.—The state senate adopted, without a dissenting vote, a joint resolution providing for an investigation of alleged legislative graft. The investigation committee will be named and empowered to summon witnesses and compel attendance at hearings.

Weather Forecast
Southern California: Fair tonight and Friday; light north wind.

VIEW WAS BLOCKED SAY CORONER'S JURY

DID ENGINE'S WHISTLE BLOW?

Trainmen Say It Did—By-standers Did Not Hear It—One Says No

Verdict of Coroner's Jury
"Lovell C. Travis, aged 46, came to his death on the 10th day of April by being struck by engine No. 1513 on the Southern Pacific railroad at the crossing of Stafford street in the city of Santa Ana, and that said accident was caused by the view of said crossing being obstructed by the presence of box cars on the siding of said Southern Pacific property, and that we find no adequate protection provided for said crossing."

"J. R. Paine, J. W. Flagg, C. Andre, A. L. Marsile, Robert Cogburn, H. E. Crandell, Charles Ross, C. H. Meacham, E. G. Cooper."

Did the engine that struck the automobile and caused the death of Lovell C. Travis on Sunday night last whistle on approaching the Stafford street crossing?

That was one of the main questions of investigation at the inquest held today on the body of Lovell C. Travis.

Engineer Hack and Fireman Baker testified that the engine whistled.

F. W. Heard, Mrs. Heard, Theodore and Rudolph Franke and Guy Travis testified that they heard no whistle. Bert Chapman testified that the engine did not whistle.

Coroner Smith read the deposition of Mrs. Minnie B. Travis to the coroner's jury. J. W. Flagg, E. G. Cooper, C. Andre, A. Marsile, C. Meacham, Robert Paine, R. Cogburn, Charles Ross and H. E. Crandell. Mrs. Travis is still in the hospital as the result of injuries received in the accident in which her husband was killed and her daughter, Nina, badly hurt.

Dr. Burlew testified that L. C. Travis died from a fracture at the base of the skull.

Bert Chapman testified that he and his little boy were walking down the railroad track shortly after 6 o'clock Sunday evening. The boy wanted to see the train, and so Chapman's attention was directed to it particularly. He said the train whistle for Washington avenue crossing but did not whistle for the Stafford street crossing. The bell was ringing. It continued.

MINORITY MEMBERS REPLY TO CASE, HINZE & CO. PROPOSAL

Give Their Reasons for Refusing to Accept Counter-Offer—Minority Has No Other Proposition to Make

James Irvine, James McFadden, R. T. Harris and A. J. Crookshank, the minority members of the board of directors of the Southern California Sugar Co., have delivered their ultimatum.

They will make no more propositions to the stockholders committee for securing an outlet for drainage of the sugar factory for the 1910 campaign.

Last week these minority directors made an offer to the stockholders committee on which are C. A. Riggs, D. H. Thomas, J. A. Turner and S. H. Finley. That proposition is set forth in brief in the communication sent today to the stockholders committee by the minority members of the board. Five days were given to answer. No answer was received within five days. Yesterday, as was published in the Register, a counter-proposition was given by the Case, Hinze Co.

Today the following reply was sent to the stockholders committee through whom the Irvine, McFadden, et al., proposition was made to the Case, Hinze Co. and through whom the counter proposition was returned. The reply of the makers of the original proposition follows:

Santa Ana, Cal., April 14, 1910.

To the Committee of Stockholders of the Southern California Sugar Company, consisting of D. H. Thomas, J. A. Turner, S. H. Finley, and C. A. Riggs.

Gentlemen:—We acknowledge the receipt of your communication of the 13th inst., with enclosure as stated, and make the following reply:

When the proposition made by the undersigned, dated April 6, 1910, was made to you for securing the Southern California Sugar Co. a right-of-way for sewerage water, it was carefully considered in detail, and, as we believe, fair in every way. The conditions named to be performed by and on the part of Case, Hinze & Co. were such as to protect every stockholder of the corporation, and secure to them a full 600 ton capacity plant, as specified in the contract between Case, Hinze & Co. and this corporation.

In the proposition made to you by Case, Hinze & Co. as published in the Register, we find no adequate protection provided for said crossing.

REPUBLICANS MAY FOLLOW DEMOCRATS EXAMPLE

Political Conference May be Help to Decide as to Party Measures

MATTER OF ENDORSING CANDIDATES IS VEXING

Method of Choosing Senator and Governor May be Reversed

SAN FRANCISCO, April 14.—Republican politicians who have been following the Democratic conference in Los Angeles are divided upon the advisability of holding a similar conference of their party to decide whether to endorse candidates or not. While the leaders are reported as planning an endorsement convention, it is believed that, generally, candidates would refuse recognition, believing endorsement, in view of the tenets of the primary law, would be a handicap.

There is talk of a mutual understanding for the reversal of the time-honored custom of choosing the governor from Northern California and the senator from Southern California. Speculation is also rife as to whether Gov. Gillett, who is a Northerner, would consent to approve the gubernatorial candidacy of Stanton of Los Angeles, in order to get southern support.

WAS USER OF STRYCHNINE

Hyde's Detectives Claim Col. Swope Was Habitual User of Drug

KANSAS CITY, April 14.—That Col. Thomas H. Swope, for whose alleged murder Dr. Hyde is being tried, was an habitual user of strychnine is the discovery that detectives working in the interest of Hyde's defense claim to have made.

They also claim to have discovered that Professors Hektoen and Haines of Chicago, the toxicologists upon whom the prosecution relies to establish that Col. Swope died of poison, are professional witnesses in similar cases and have been in the employ of the state of Illinois.

The second venire was exhausted today and the court took a recess for a while till the next venire is summoned.

The detectives say they will prove that Col. Swope used strychnine without medical limitation, through Pearl Keller, the nurse, who will testify that he used a tonic containing the drug.

MASONIC NOTICE

—Called meeting of Santa Ana Lodge No. 241, F. & A. M., Friday evening, for work in the 3rd degree. By order of A. N. ZERMAN, W. M. G. A. WHIDDEN, Sec'y.

A similar claim brought by San Francisco and Stockton commercial organizations will be heard in those cities later.

ALBANY, April 14.—It is tacitly accepted that the "old guard" won a victory over Gov. Hughes and the reformers in a resolution demanding an investigation of alleged graft in the legislature because of the joker the resolution contained, as the framed instrument provided for an investigation of such charges as "had been specifically presented and duly verified."

SENATOR BARD HAD GOOD NIGHT—HAS IMPROVED

OXNARD, April 14.—Ex-Senator Bard passed a good night and appeared stronger today. The lung congestion has been dissipated but the irregular heart action leads the physicians to believe that Bard's chance of recovery is small.

WHITE HOUSE GUARDED FROM THE SUFFRAGISTS

WASHINGTON, April 14.—A heavy guard of secret service operatives surrounded the White House to repel a possible attack of militant suffragists. President Taft will address the suffragists at their national convention tonight and it is reported that his speech will not endorse suffrage. The guard is determined to prevent any invasion into the White House today.

—Spaulding Realty Co. have moved their office to 114½ East Fourth St., over Edgar's store.

"PLAY BALL" IS SLOGAN TO DAY FOR MAJOR LEAGUES

Forecasts for 1910 Base Ball Hard to Make—Teams are Much the Same

NEW YORK, April 14.—Big doings today on the ball lots of the National and American Leagues.

Providing tight skies prevail everywhere, eight umpires will each "toss out a new white ball," eight umpires will each in his finest voice cry "play ball," and in eight cities the sporting writers will chronicle that "the game was on." At least these quotations have done service from time immemorial and there is no reason why they should be discarded at this late date.

This is the day when all the teams are equal and that marks the initial impetus to the hopes of several million fans.

In the National League, Pittsburg will be the attraction at St. Louis, Chicago at Cincinnati, New York at Boston and Brooklyn at Philadelphia, while in the American, Cleveland will "start the ball rolling," another quotation whose age commands respect, in Detroit, St. Louis in Chicago, Boston in New York and Philadelphia in Washington.

Never at the opening of a season

has it seemed more hazardous to venture an opinion on the outcome than this year. In the National League this is due to the fact that the return of Catcher Johnny Kling has made the three-time pennant-winning Cubs again intact, and the doubt, more or less general except in Pittsburg, as to whether the Pirates can again maintain the steady gait they set last year, a gait that landed them unexpectedly in first place.

In the American League the rapid development last year of Philadelphia and Boston and the hard tussle that Detroit had to repeat for the second time her pennant performance, makes the picking of a championship team this year the merest guess work.

About the only thing that does seem assured is that the first division teams in each league will not differ materially from those of last year. Pittsburg, Chicago, New York and Cincinnati again look to be certain in the National for the upper tier, while in the American, De-

troit, Philadelphia and Boston appear reasonably safe, with either New York or Cleveland having a good chance to wrest from Chicago her berth in the upper division.

As stand-patters the pennant possibilities in both of the big leagues have Joe Cannon beaten to a pulp. In the National, practically no changes appear in the line-ups of the leading teams, while Detroit, Philadelphia and Boston in the American haven't found enough new blood worth mentioning. New York, Chicago and Cleveland, however, have sewed several new patches to their old garments and are hopeful that they will stick.

With practically no changes in the personnel of the leading teams, the question simply resolves itself down to the proposition of whether these players will improve over their 1909 form. Cincinnati's chances are much brighter than some critics are willing to admit, due to this very fact. Last year the Reds broke a lot of new men into the game and they demonstrated that they were of National League caliber. That they should play a stronger game this year is admitted by baseball students.

Pittsburg can hardly expect to do any better than she did last year, and whether she wins the pennant again will depend largely on the improvement or failure of improvement shown by the other clubs. Chicago has a team of veterans, and many are predicting that the team is due for a slowing down, even if Johnny Kling, who used to be called the brains of the Chicago "works," is back on the job. Steinfield, Tinker, Sheppard and Schulte showed last year that they at least are getting no better, and it would not be surprising if the veteran twirlers came "untied" this season.

New York pins her hopes for a better position than last year to an expected improvement in the work of Pitchers Lardner and Ames, the promising work of Druck and Klawitter, two new pitchers, and the bolstering of the outfield by the substitution of Devore for McCormick. In the infield, Merkle, the man who once upon a time, didn't touch second, will be at first base in place of

the veteran Tenney, and the foxy play and gingery methods of ancient Fred may be missed to such an extent that he will soon cease to warm the bench.

Not many persons are picking Detroit to win a fourth straight pennant in the American. Had either Boston or Philadelphia played early in the season the way they did at the finish, the pennant would never have gone to Tigertown, and it is reasonable to suppose that these teams will strike a winning stride early in the season this year and not permit the Jennings crew to obtain such a commanding lead.

The Boston American League team this year, however, is without the services of her biggest asset of a year ago, Manager Fred Lake, who this year has been transferred to the hapless Boston "Doves." Lake was given credit last year for much of the Red Sox' success, and it isn't on record that Patsy Donovan, his successor, ever gingered up a bunch of players the way that Lake did. Fans generally are commiserating with Lake that a better fate than the Boston Nationals did not befall him this year.

Both the Cleveland and New York teams of the American have shown much better in their spring practice than Comiskey's White Sox, who are virtually a new team this year, with three new guardians for the inner works, new outer pickets and several new battery combinations. Connie Mack almost won a pennant last year with his renovated team, and the Red Sox set a sizzling pace until near the end, with a team that promised no more than the White Sox now promise. So it won't do to count Comiskey out of it.

As for St. Louis, Boston and Brooklyn in the National, and Washington and St. Louis in the American, there doesn't seem to be a derick in existence strong enough to lift them out of their recent berths near the bottom of the heap.

An added interest in the National's race this year is the adoption of a strong policy regarding the umpiring and the protection of the umpires. President Lynch bids fair to follow the example of Ban Johnson of the American in this respect and it is predicted that the day of the umpire-baiting is forever past.

SANTA FE MAN HAS VIEWS ON OVERFLOW

Anaheim Gazette: J. R. West of the Santa Fe engineering department was in town from San Bernardino on Tuesday, and in company of A. A. Mills looked over the country between this city and the river. Mr. West expressed the opinion that the possibility of overflow was a serious problem to contend with, and that the work of protecting property from future overflow should be taken in hand by the people of the country.

Why Trials Are Long

"In this country there seems to have been, on the part of all state legislators, a fear of the judge, and not of the jury, and the power which he exercises in the English court has by legislation been reduced, from time to time, until now, and this is especially true in Western states, he has hardly more power than the moderator in a religious assembly.

"A murder case in England will be disposed of in a day or two days, that here will take three weeks or a month, and no one can say, after an examination of the record in England, that the rights of the defendant have not been preserved, and that justice has not been done."—President Taft, Chicago speech, Sept. 16, 1909.

State of Ohio, City of Toledo, Lucas County, SS.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

"Greatest Electric Railway System in the World."

THE PACIFIC ELECTRIC RAILWAY

There is only one way to reach the principal cities and towns, mountains and seashore resorts of Southern California.

Information and literature regarding the great Mt. Lowe trip, Beach resorts, and other points of interest from local agents, or Passenger Department, Room 290, Pacific Electric Building, Los Angeles, California.

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (Helonias Dioica) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator... makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicine which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhoea; atonic (weak) condition of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhoea (suppression) or scanty monthly periods; falling from or accompanying an abnormal condition of the digestive organs and a general (this is seldom) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, a woman can do no better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the womb. In all catarrhal conditions and general debility, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root: "In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, University of Pennsylvania, says: "Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

SPORTSMAN and TELEPHONE

EVERY time a man wants to get away from all connection with the busy world, the telephone is an important helper.

The local service is useful in arranging his affairs at home, and the long distance service of the Bell system helps him to decide where to go and what to take.

By means of his Bell Telephone he can find out whether the fish are biting or the birds are flying, and whether guides or horses can be secured.

After he has been out awhile, if he wants to get word from the city, the nearest Bell Telephone is a friend in need.

The Pacific Telephone and Telegraph Co.

Every Bell Telephone is the Center of the System

HANDED IN RESIGNATION

Richard Melrose Wishes to Withdraw as Los Angeles Normal School Trustee

Anaheim Gazette: Mr. Melrose some days ago tendered Gov. Gillett his resignation as trustee of the Los Angeles Normal school, to which he was some years ago appointed by Gov. Pardee. He gives as his reasons therefor his increasing private business, which renders it impossible to longer serve on the board.

The Los Angeles Normal school and its site will shortly be sold by the state, and a new building erected upon another site. An offer of \$550,000 has been received for the property.

Mr. Melrose this week received a personal letter from Gov. Gillett urging him to reconsider his resignation. He went to Los Angeles on Tuesday to meet the governor, who came south to see him and attend to various matters of business. At the personal solicitation of the governor he may consent to act as trustee until the disposition of the property, and now has the matter under consideration.

FULLERTON A BIG SHIPPER

Oil Fields of the District Are Producing 400,000 Barrels Per Month

FULLERTON, April 13.—Fullerton has the distinction of shipping from this station extra large amounts of produce and is considered a shipping center. The railroad books show 1700 cars of oranges, walnuts, vegetables and other ranch products billed out from the station during the past year. Oil shipments amounted to 400,000 barrels per month. The annual products bring in \$7,163,000. This means four and one-half cars of home products a day for every day in the year. Sundays included, are sent out of Fullerton to northern, eastern and southern markets.

Thirty-three cars per week or one hundred thirty-five cars a month, which make a total of seventeen hundred carloads of fruit, vegetables, grain and other commodities with a total value of \$1,250,000 shipped from this city during the past year. This does not include oil.

Edgar Johnson, editor of the Fullerton Tribune, has purchased the Riverside Daily Enterprise, the oldest daily and only morning paper in Riverside county. Mr. Johnson will continue with the Tribune and will divide his time between Riverside and Fullerton, but make his permanent home here.

Let the S. P. Agent Tell You

About the various routes, trains, etc., and the attractive reduced fare excursions to many eastern points. If you contemplate an eastern trip—either one way or round trip—it will be to your advantage to talk it over with a Southern Pacific agent.

With the four routes over which it is possible for a trip to be made, and the superior service via all of them, you surely will find some one of them just the one for your trip.

You may prefer to go via San Francisco and Ogden, passing over the high Sierras and Great Salt Lake; or north through Portland over the scenic Shasta Route.

Another way is via El Paso and the Rock Island Line—and still another through New Orleans over the Sunset Route.

Through sleepers from Los Angeles to Eastern points are run via all these different routes (except Portland), and each has its own attractive features.

Going East VIA Southern Pacific

If you live off the line of this road, a letter of inquiry—with full particulars of what you wish to know—will be promptly answered by letter or a personal call, if addressed to Southern Pacific Ticket Agent, at 600 South Spring St., Los Angeles.

NEWS BUDGET FROM TALBERT

Methodists Are Fixing up and Bettering Their Church Building

TALBERT, April 13.—A number of citizens of this place are in attendance upon the Overacker trial, now in progress in Santa Ana.

Talbert's merchant, Joe Parsons, is sporting a new Buick automobile. He hasn't climbed any telephone poles so far.

The Methodists are fixing up their church with some much needed improvements. They have bought an additional 50 feet of ground from Sam Talbert and are going to use the four-room house for a parsonage.

The ladies of the Home Mission Society are arranging to give a bazaar some time early in June, the proceeds to go to furnish the newly acquired parsonage.

Mr. U. Knock, a layman, head of the Commercial Printing Company of Los Angeles, is to occupy the pulpit at Talbert Sunday morning, and is to speak on the purpose and scope of the work of the Laymen's forward movement.

The pastor, Rev. L. D. Barr, preached Tuesday evening in the Methodist church at Wintersburg, assisting in the special meetings now in progress at that point.

Mr. and Mrs. Umstead of Los Angeles, are now settled comfortably on their ranch, which they purchased from Mr. Swift. Mr. Umstead was for many years a dairyman of Los Angeles.

Mr. Reuben Farnsworth was in Los Angeles Tuesday on business.

The pastor, Rev. L. D. Barr, was called to Los Angeles Wednesday as a witness in a damage suit against the Los Angeles Pacific railway.

New Tailored Skirts

Big New Line Just Arrived. All the Smartest Styles in Black and Cream and the Best Spring Colorings : : :

WE are showing one of the finest assortments of new Spring Skirts we have ever had in our store. That is saying a good deal, for our aim has always been to keep the best. But there is a beauty and grace about the new pleated models for spring that makes each one individually charming. And we have broadened out into a wider range of colorings. These are the reasons why we think this line one of the handsomest we have ever shown.

No description can be given of the new pleated models. There are so many different styles and each has an individuality of its own. They are cut up to fifteen gores, regularly or group pleated, and some are very effectively trimmed in cloth or jet buttons.

Materials include Panamas of a wide range of qualities, fine imported mohairs, domestic mohairs, plain serges, striped serges, voiles of various weights, and black taffeta. This is certainly as wide a range of skirt materials as one could desire.

As to colorings, all tastes may be satisfied by our showing of tans, mode, champagne, several shades of blue, wisteria, brown, greens, gray, mixtures and cream and black. In black skirts we are especially strong.

To women who want genuinely superb garments at a moderate cost, we especially commend these skirts. In style, in fit, in finish, and in sheer value, at out price from \$5.00 to \$15.00 comparison will show you that these skirts are unapproached.

Ladies' Skirts Priced from \$5 to \$15

Misses' Skirts Priced from \$3.50 to \$5

SCHEMES TO DEFRAUD

If the ingenuity, skill and enterprise which are employed in swindling schemes were directed into legitimate channels, some people who are now working for their board in our penal institutions would be counted among our millionaires.

There are constantly coming to notice new schemes to defraud, and some of them manifest a shrewdness and cunning that are worthy of a better cause.

A new scheme is to order goods to be delivered C. O. D., at a house which is vacant. A messenger boy delivers the package, a person comes to the door and reaches his hand through for the package with the plea that he is taking a bath but will return in a few minutes and make payment. That is the last seen of the man or goods.

What a strange perversity it must be that prompts one to undertake such means of getting paltry amounts, and that at the danger of the penitentiary! It looks as though such a person would rather steal a dollar than find it in the street. The moral lunatic who undertakes such devious ways for gaining possession of that which belongs to some one else, should be consigned to some kind of an institution for the inculcation of common sense.

While common sense is something that cannot be taught in the same way as history or mathematics, still what little common sense one might possess could be developed, and nothing needs developing more than this quality, faculty or whatever it may be called. People with a common sense strong enough to control themselves are not going into the criminal business, and the more of the faculty they have the closer will they keep to the rules of civilized society. Many criminals are gifted and even brilliant, but, lacking in common sense, their ability goes for nothing and worse than nothing. Take for example, the one who has the artistic talent to make a good imitation of a two dollar bill with a pen, and what might he not accomplish for himself and the world if his gift were rightly directed? Fame and fortune could be made to smile upon him, but lacking in common sense he risks the penitentiary for two dollars.

GOOD MEN TO THE FORE

A one-eyed man can see that things political are not what they were before the adoption of the direct primary law. The popular form of political action which the primary law introduced is depressing to some but enlivening to others, with the result that many are "retiring" to private life and new men are coming to the front.

Here is William D. Stephens boldly announcing himself as a candidate for Congress from the Los Angeles district. Under the machine-dominated convention system Stephens would have had no more show than a straw in the whirlpool of Niagara. In days of old the gift of nomination to this and nearly all other offices came direct from the hand of one man, and it is safe to say that the choice of that one man would not now be William D. Stephens. But a sudden and radical change has come over the spirit of our political dreams, and any reputable citizen may dare to aspire to any office within the gift of—not the machine—but THE PEOPLE! Hence, William D. Stephens becomes a candidate for Congress, and he can do so without having to rest under the imputation of committing himself to the machine. He can now make his appeal to the Republican party "subject to the decision of the electors of that party at the primary election to be held August 16th, 1910."

This is the first opportunity a candidate has ever had in this state to carry his case over the heads of the party bosses to the electors themselves. The result is that good men, who refuse to bow to the bosses and become a part of the machine, are now encouraged to come out and stand for the nomination. If they fall of endorsement it will be the fault of the people.

Under the direct primary we will

have just as good a government as we deserve. It will be of the people and by the people, and if it is not for the people, it will be because the people lack in patriotism and intelligence.

BERKELEY WILL TRY TO PREVENT PRIZE FIGHT NEAR CITY

BERKELEY, April 14.—The city council has passed a resolution instructing the clerk to communicate with District Attorney Donohue of Alameda county with a view to ascertaining whether Berkeley can help to prevent the Jeffries-Johnson fight at Emeryville. Emeryville adjoins Berkeley and the council believes the fight will attract undesirable persons to the city.

COLLAPSING BUILDING KILLS TWO, NJURES SCORE

NEW ORLEANS, April 14.—Two are known to be dead as a result of the collapse of a brick wall during the Shriner's parade today. One Howard Halliday, aged fourteen, son of "Bug" Halliday, the former Cincinnati National baseball star. Scores of persons received minor injuries.

No Time or Place for Bitter Factionalism

A sermon preached in Orange, recently, by the Rev. Mr. Cookman, presented a view of political principle and policy that cannot fail to commend itself to all good citizens and right-thinking and right-feeling people. There is no place in any community that hopes for civic progress for bitter factional fighting or intense and unreasoning partisanship. To the full extent that it may without sacrifice of principle—especially in local affairs—the spirit of mutual concession and general conciliation should prevail.

Intense partisanship often defeats its own end by convicting those who mal-practice it, in the name of one form or other of righteousness, of narrow-mindedness and bigotry. Men believe in fair-play and are repelled by a halier-than-thou attitude, or the splitting of political hairs.

Mr. Cookman's sermon had for its text Exodus XVIII; 21: "Moreover, thou shalt provide out of ALL the people, ABLE men, such as fear God; men of TRUTH, HATING COVETOUSNESS; and place such over them to be rulers of thousands and rulers of hundreds."

This was the counsel given Moses by his father-in-law, Jethro.

Mr. Cookman said:

"We have here described the character of men to be elevated to positions of honor and trust—men of ability, morality, honesty and disinterested integrity, and it is vitally important that the citizen voters of today should act upon this advice. The commanding ability of a citizen in the place he holds in business life, the character he has made in his mercantile transactions, and the fact that he has no objects of his own to seek, ought to point him out to his fellowmen as the person best fitted to serve them in offices of public trust. Every party which nominates upright men is entitled to the credit of their good actions, just as every party which nominates unworthy men drops to their level and is responsible for their misdeeds. I only call upon you to follow the advice of the old chief and choose such men as he here describes. The true remedy for all our political evils is in the hands of the citizens themselves, and when they shall determine to act upon the principles of Jethro and carry them out in every election, that will insure us a prosperity that no self-fish partisanship can ever imperil."

Thus, also, is characterized and interpreted the true spirit of the direct primary—the office seeking the man.

DEMONSTRATION OF THE CADILLAC

The Cadillac demonstration car on exhibition at the Cadillac Garage, 513-515 North Main street, as advertised exclusively in the Register, has been attracting a large number of automobile lovers yesterday and today. To accommodate those who wish to see exhibition, the demonstration will be continued all of this week, the garage age being open all day and each evening until after 9 o'clock.

A stock car is used but portions of the engine and housing have been cut away to show the working of all portions of the mechanism. The entire machine is driven at a slow speed from an electric motor. The exhibition is well worth any one's time to see for every detail of the engine, transmission, differential, oil and radiating systems can be inspected and understood. Miniature electric lamps give illumination wherever needed.

There is a separate display of all parts of the engine and driving mechanism, showing the results obtained by the use of copper jackets over those models in which cylinder and water jacket are cast in one piece. By

this device the Cadillac company asserts that their engine will run as smoothly after two years' run as when it first leaves the shop.

The five-bearing crank and cam shaft are shown in detail and the economy and readiness with which repairs if needed can be made are features in the demonstration. Castings in the rough show the amount of material which is cut away, and a list of 112 parts which are not allowed to vary more than one-thousandth part of an inch prove the accuracy which is required in the manufacture of the Cadillac automobile.

T. J. Beaudet, who has charge of the demonstration, will be on hand all of the time and will tell everybody why the Cadillac "takes you there and back."

This demonstration car attracted a great deal of attention at the recent licensed automobile show in Los Angeles, it being one of the most unique displays at the show.

Whether you own a machine or not, you are welcome to this demonstration.

—Special Friday and Saturday, readings 50c and \$1.00. LeBaron, palmist, Parsons apartments.

Col. Cox, Salvation Army

Miss Cox, colonel in the Salvation Army, who spent Sabbath in Santa Ana, and spoke to interested audiences in the Salvation Army tent, in the Methodist church, South, and Presbyterian church, is a lady of rare culture and refinement, a devoted Christian, and of a wealthy family of London, England. Taking a walk one evening with a friend, they dropped into a tent meeting of the Salvation Army. She was converted, and gave up her life in all its interests and work to labor with this army of Christian workers.

I met her some years ago in Des Moines, where her interesting personality and efficient work were recognized and appreciated by all classes. She is now, from over work, quite broken in health, and will remain for some time in Southern California, her headquarters being at Alhambra. She was much pleased with Santa Ana and hopes to be here again, and we know that she will be glad to talk to the ladies of the different mission societies, in union service, and tell of her interesting work. She is interested in all departments of Christian labor, saying, "We need the churches, and the churches need us; they do the work we can't do, and we do the work they can't."

The field is the world, and there is room and need for all the workers.

Anniversary Week Events

Wednesday was "adult organization day" of the Baptist anniversary week. In the afternoon the ladies of the Home and Foreign Mission circles and the Helping Hand, were received in the Sunday school room of the church. The decorations were marguerites, and were very beautifully arranged by the committee, of which Miss Flook was chairman. Conversation slips, each accompanied by a marguerite, were given the ladies. These mated, and introduced sociability. The refreshments were marguerite salad and coffee, and about seventy ladies were present.

and a dainty luncheon was served them in the Baraca rooms. Mesdames Martin and Marchant of Tus-tin headed this committee.

The hospitable French home was thrown open Wednesday evening to the choir of the First Baptist church. A delightful time was given the guests by Mrs. French and the committee assisting her. Musical numbers were given by Percy K. Lusk, Misses Gladys Burns, Emeline Petersen, Velda Medlock, Mesdames Frank Harris and Mit Phillips; Messrs. Lloyd Sharp and L. P. Hickox, and a reading by Miss Ada Borden.

After partaking of delicious refreshments the members of the choir, music committee and friends departed, enthusiastic in their words of thanks for this section of anniversary week.

Roll Call Tonight

At the 7:30 meeting at the First Baptist church this evening occurs the annual roll call of the church membership. Friends of the congregation will be welcome to this service of the church to participate in the scripture verse and testimony responses. Letters will be read from absent members as well, and altogether an inspiring time is anticipated.

Reception to Brotherhood

One of the most successful events of Anniversary Week at the Baptist church was the reception to the Brotherhood last evening. The church parlors were most tastefully decorated and arranged with home-like effects and comfort for the occasion.

The entertainment of the evening was unique and interesting, and was the result of inquiry that had previously been made as to what constituted man's favorite pastime, the answer, "Eating," being given in

each instance. So all the events of the evening had to do in some way with some article of food. The games were quests for hidden cookies, nuts, sandwiches, etc., which, when found, were paired off with like articles. The couples thus formed were expected to compose a suitable poem, which were many and most amusing. A splendid musical program was rendered during the evening, consisting of solos by Miss Petersen, Miss Rowley and Mr. Sharpe, and a violin selection by Miss Hill, with Mr. Lusk at the piano. A delightful and refreshing luncheon in the basement of the church closed the event.

Elks Install Officers

Tuesday night being the first meeting night in the lodge year, the local lodge of Elks installed its officers for the ensuing term. Past Exalted Ruler Parke S. Roper acted as installing officer, and the following were invested with the insignia of their respective positions: Exalted Ruler—Dr. G. H. Dobson. Esteemed Leading Knight—J. H. Turner. Esteemed Loyal Knight—Marshall Keeler. Esteemed Lecturing Knight—W. F. Menton.

Secretary—T. A. Winbigler. Treasurer—Dr. J. I. Clark. Tiler—Ike Fields. Esquire—J. C. Burke. Chaplain—Dr. V. A. Rossiter. Inner Guard—Sidney B. Knop. Organist—R. R. Shafer. Trustee—V. V. Tubbs. Fred A. Ross, the retiring exalted ruler, has been elected as representative to the Grand Lodge, and Parke S. Roper was chosen as alternate.

F. A. Rowe of San Bernardino, and Mr. Lewis of Riverside, members of the Orange Belt Grand Lodge Reunion committee, were present at this meeting, and Mr. Rowe outlined the plans for the Orange Belt excursion to Detroit in July. The Orange Belt includes San Bernardino, Redlands, Pomona and Santa Ana. In most of these communities the commercial bodies are taking an interest in the excursion and will furnish means for advertising purposes.

The excursion will be run over the Southern Pacific and a most interesting itinerary has been arranged.

Ninetieth Birthday

Last evening the adult members of the Immanuel Baptist church gathered at the home of Mr. and Mrs. Jacob Fisher, 2020 North Broadway, to celebrate the ninetieth birth-

day anniversary of Deacon A. S. Dunham, who resides with them. It was in the nature of a surprise party upon Mr. Dunham.

A bountiful supper was served at 6 o'clock and the remainder of the evening was spent in visiting and reminiscences. A large print copy of the New Testament was presented to Mr. Dunham by the guests, as a reminder of the occasion.

At the age of ninety, Mr. Dunham is as active physically and keen mentally as many a man of fifty, and everyone present wished him many more such birthdays in the full possession of all his well preserved faculties of body, mind and spirit.

Parliamentary Section

The Parliamentary Section of the Ebell will meet Saturday afternoon at 2:30 at the home of Mrs. I. D. Mills.

Will Go to Cincinnati

Mrs. Dr. A. M. Roberts reports having had a most enjoyable time while attending the convention at Santa Barbara of the California Federation of Women's Clubs, and speaks in glowing terms of the accommodations at Hotel Potter, and of the splendid entertainment arranged by the clubs of Santa Barbara.

Mrs. Waters, the newly elected president of the Federation, appointed Mrs. Roberts as one of a number to represent the Federation of Southern California at the coming biennial meeting of the National Federation of Women's Clubs, at Cincinnati, O., the early part of May. Mrs. Roberts will start East about May 2, and before returning to Santa Ana will visit her mother in Pennsylvania, and friends in New York and Boston.

Entertained at Orange

Yesterday afternoon, Miss Emily Spotts gave a pleasant afternoon and luncheon for a number of Santa Ana and Orange friends. Miss Spotts' home on West Chapman street, Orange, was lavishly decorated with pink roses and poppies. The luncheon table had a centerpiece of golden poppies and ferns. A poppy design adorned the hand painted place cards done by Mrs. Kurtz. A pretty plate was given each guest as a souvenir of the event.

Covers were laid for Miss Spotts, Mrs. Alvira Kurtz, Mrs. Robert Dubois, Mrs. Joe Witt, Mrs. Ernest Wakeham, Mrs. E. Miller, Mrs. H. Witt; Misses Rose Sate, Anna and Clara Witt, Gertrude Elsworth, Nina and Gertrude Thee, Bess Trumpey, Melba Miller.

During the afternoon in the games Mrs. Robert Dubois was the winner of the first prize, a beautiful drawn work harp. Miss Bess Trumpey was the winner of a linen hand made centerpiece.

Gold and White Luncheon

One of the most pleasant of the many loving courtesies shown to Miss Vera Heathman prior to her approaching marriage, was an informal luncheon and party given for her yesterday afternoon by Mrs. H. J. Forgy at her Bush street home. The guests were young women who live in the immediate neighborhood of the bride-to-be, all of them being old friends.

The four-course luncheon was in gold and white, white roses in gilded baskets, and place cards adorned with gilt hearts and bearing the names in gilt letters, being features of the color scheme. After the luncheon, the place cards, which were square and folded like an envelope, were opened and the question writ-

ten on each one was read aloud. The answer being given by Mrs. Forgy. The questions and answers were cleverly written and created fun galore.

Musical numbers were rendered by Misses Velda Medlock and Elsie Harrison, and Misses Ethel French and Grace Parker each gave a reading. Mrs. Forgy was assisted in receiving and entertaining by Mrs. Heathman.

Those present besides the guest of honor were Misses Lottie Padgham, Grace Parker, Velda Medlock, Elsie Harrison, May Wood, Ethel French, Gladys Harrison; Mesdames G. W. Finch, Will Wilson and M. F. Heathman.

Tanner-Huntington

Last evening at 5:30 o'clock the wedding of Miss Luella Huntington and Geo. W. Tanner took place at the home of the bride's uncle, Mr. Cyrus Pulver, on Santa Clara avenue. Quantities of roses, calla lilies and smilax were used in decorating the parlors, and roses and smilax was used in the dining room.

The bride, who is a sister of Miss Mary Huntington of Central school, was gown in a dainty white mull, trimmed with valenciennes lace, and carried a bouquet of orange blossoms. The ring ceremony was used, Rev. J. A. Stevenson officiating.

A wedding dinner followed congratulations, orange blossoms being used in the table decorations. Covers were laid for Mr. and Mrs. Huntington, Mr. and Mrs. Pulver Rev. and Mrs. J. A. Stevenson, Miss Mary Huntington, Mrs. White and children, William, Helen and Dorothy, and Miss Douglass of Los Angeles.

Mr. and Mrs. Huntington will reside on a ranch on Grand avenue, lately purchased from Stephen Ross, and will be at home there to their friends, all of whom join in good wishes for the happy couple.

Entertained Whist Club

The Afternoon Whist Club was happily entertained last night by Miss Elsie Harrison, the husbands of the members being specially invited guests. The house decorations consisted of bouquets of fragrant roses.

First prize winners in the whist games were Mrs. John Tubbs and W. A. Huff, the consolation prizes going to Mrs. Frank Remsburg and Joe Parsons. A dainty two course luncheon was served by the hostess, assisted by Mrs. Harrison and Miss Gladys Harrison.

Mrs. A. E. Utt Seriously Ill

Mrs. A. E. Utt is quite seriously ill at the home of her son, C. E. Utt, in Austin. A short time ago Mrs. Utt fell from a buggy. While no bones were broken in the fall, the shock and pain were such that Mrs. Utt, being far advanced in years, has been unable to rally.

THE SECRET OUT

"What made my lovely complexion? I do not like to tell, for it was medicine, but the nicest a woman ever took. It was Lane's Family Medicine that did it." This is a pleasant herb tea which acts favorably on the stomach and bowels, purifying the blood and cleansing the skin like magic. It cures headache and backache. Druggists and dealers sell it, 25c.

PERSONALS

Mrs. James has returned from a few days' visit in El Toro with Mrs. John Prothero.

Dr. J. H. Pullen has just returned from San Francisco, where he has completed a course in the San Francisco Veterinary College. He had previously studied in Chicago. Dr. Pullen will now make his home here and practice his profession.

Miss Caldwell, who has been visiting her uncle and aunt, Mr. and Mrs. J. H. Rankin, started for her home in Omaha, Neb., this morning, accompanied as far as Los Angeles by Mr. and Mrs. Rankin. Miss Caldwell had intended to spend the summer here, but was suddenly called home on account of illness in the family.

Mrs. Carey R. Smith was a passenger on the Los Angeles bound car this morning.

Rev. Chas. H. Seccombe spent today in Los Angeles.

Mrs. Blanche Hemstock was an all-day visitor in Los Angeles. H. H. Dunning of Marysville, one of the seven delegates from Yuba county to the Democratic conference in Los Angeles, has been the guest of his sister, Mrs. A. A. Catland, a part of this week.

Mrs. W. H. Anderson and two little boys go to Placentia today for a two weeks' visit with Mrs. D. Prothero.

J. W. Shaul, M. D., eye, ear, nose and throat. Glasses fitted. 110 1/2 East Fourth St., Santa Ana. Both Phones.

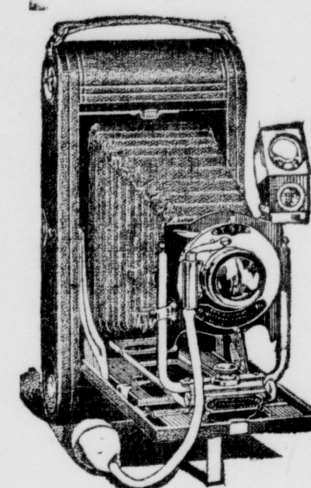

Dr. H. M. Robertson, physician and surgeon, removed to New Central Building, Corner Third and Main Sts., directly opposite city hall. Telephones and office hours as before.

We carry a complete line of all the drug sundries, including perfumes and toilet articles of all kinds.

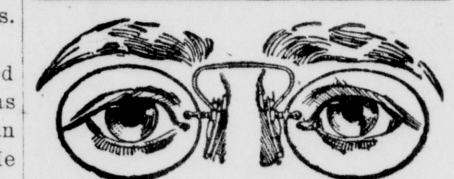

Rowley Drug Store
"The Quality Drug Store."

ONE OR THE OTHER CERTAINLY MISTAKEN

There is a decided difference between C. E. Cleveland and Will Smith as to the amount of money taken by Smith from Cleveland. Cleveland says it was twenty cents. Smith declares it was only fifteen cents.

Smith came up before Justice Smithwick today for sentence on a charge of petty larceny, the theft of pies, meats and bread from Cleveland's lunch wagon. The magistrate had come to the conclusion that Smith's mind is not just right, and he disliked sending him to jail. So Smith was made the recipient of a fatherly talk, was told to go get a job and work at it.

The High School Glee Club will sing at the entertainment Friday evening at Spurgeon's Hall. 25 and 35 cents.

EYES AND MIND

The eyes have a potent influence over the mind; first, by strain accompanying impaired vision, and again by the tax on the nervous system; glasses made by us relieve the strain by removing the cause.

PETITION TO PACIFIC ELECTRIC RAILWAY FOR RIGHT-OF-WAY FOR SUGAR FACTORY PIPE LINE

Santa Ana, Cal., April 5, 1910.
To the Pacific Electric Railway Company, Pacific Electric Building, Los Angeles, Cal.

Gentlemen:—We, the undersigned Merchants and Business Men of Santa Ana, patrons of your road, many of us for both passenger and freight, earnestly request you to grant the Southern California Sugar Company a right-of-way for a pipeline for drainage purposes over your right-of-way to some point between the sugar factory and Huntington Beach.

To the Pacific Electric Railway Company.
Gentlemen:—We, the undersigned, having decided to your company rights of way for your road from the Southern California Sugar Factory to Huntington Beach, without expense to yourselves, hereby request that you permit the said Sugar Company to use such portions of said rights of way as it may desire, for the construction and maintenance of a pipe line for drainage purposes, the object thereof being to convey the waste water, not utilized along the line, from said Factory to the Pacific Ocean.

We make the foregoing request because we believe:

First. That it will greatly assist in the operation of the said Sugar Factory, the owners of which, at great expense to themselves, aided in securing the said rights of way.

Second. That it will be a benefit to

**A DEAD STOMACH
Of What Use Is It?**

—Thousands? yes hundreds of thousands of people throughout America are taking the slow death treatment daily.

They are murdering their own stomach, the best friend they have, and in their sublime ignorance they think they are putting aside the laws of nature.

This is no sensational statement; it is a startling fact, the truth of which any honorable physician will not deny. These thousands of people are swallowing daily huge quantities of pepsin and other strong digesters, made especially to digest the food in the stomach without any aid at all from the digestive membrane of the stomach.

Mi-o-na stomach tablets relieve distressed stomach in five minutes; they do more. Taken regularly for a few weeks they build up the run down stomach and make it strong enough to digest its own food. Then indigestion, belching, sour stomach and headache will go.

Mi-o-na stomach tablets are sold by druggists everywhere and by the Rowley Drug Co., who guarantees them. 50 cents a box.

Booth's Pills cure constipation, 25c.

LEFT HAND DRIVE CARS THE COMING NECESSITY

"Judging by the deluge of enthusiastic letters which we are constantly receiving from doctors, real estate men, collectors and hundreds of other professional and business men, commending us on the new left hand drive, we are more and more convinced that within a year or two it will be the exception and not the rule to see a high grade and popular car equipped with the right hand control," says A. B. Hendrickson, the local distributor of the popular line of Reo automobiles. "Among the Reo selling organization comprising no less than two thousand and skilled motorists, the first man who would go back to the old right hand control has yet to be found. The unanimous opinion seems to be that the left hand drive is the proper control whether a man drives his car himself or employs a chauffeur or whether the car was bought for business or for pleasure.

"By steering with the right hand and leaving the left hand free at all times to shift the levers or the emergency brakes, it is plain that confusion is reduced to a minimum while comfort, safety, economy and efficiency are as surely brought to a maximum. Within a year very likely there will be local ordinances adopted in every city in this country similar to those which now obtain in many small cities (including Santa Ana) and in all of our larger cities. These compel all vehicles to be so placed and headed on public thoroughfares that the right side of the vehicle is next to the curbing. These ordinances are not always strictly enforced, but in case of an accident, due to a violation of this law, the one so violating it would be held at fault. When that time comes I doubt very much if many more cars will be built with the right hand drive. There will be so strong a demand then for the left hand drive that it will be like trying to stop the tide with a pitchfork if a maker of motor cars then argues in favor of the old right hand control. We are therefore content with leaving the matter wholly with our 1910 patrons who are unanimously in favor of the new, safer, more convenient and more practical left hand control."

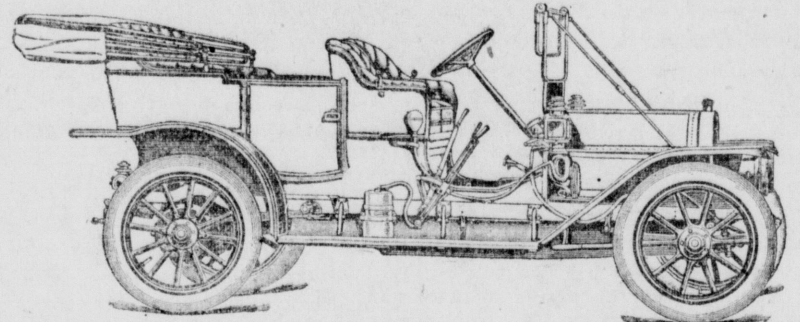

FOURTH STREET GARAGE
(ALWAYS OPEN) SANTA ANA, CAL.

The Working Model of the

Cadillac "30"

WILL BE HERE TODAY

And will remain until
SATURDAY

In this working model every detail of construction will be shown. All the working parts are visible under glass, showing a perfected automobile.

Don't fail to see this working model. Every detail of the mechanism is in plain view. If you are interested in cars in any way, you can't afford to miss seeing this one

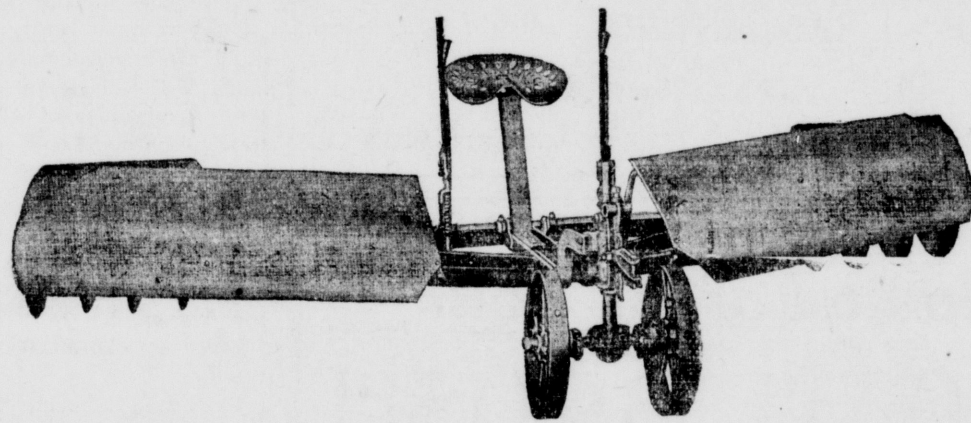

It's a liberal education to see all the internal workings and have them explained by a competent machinist.

Cadillac Garage

513-515 North Main St.

Santa Ana.

OSBORNE ORCHARD DISC HARROW

The illustration above shows the Osborne Orchard Disc Harrow with large shields attached, which completely cover the frame and gangs. This harrow has been used in cultivating the ground within ten inches of the trees, where the branches and fruit were hanging on the ground. No damage whatever was done to the branches or the fruit in any particular. We are special factory agents for this implement.

CLOSED DOORS STOP FLAMES

Newport Heights Rancher Lost
Dining-room and Kitchen,
Damage \$200

Fire that started from an oil stove destroyed a part of the dwelling on the ranch of J. P. Hays of Newport Heights on Monday of this week. Practically everything in the kitchen and dining-room were destroyed, and these two rooms will have to be rebuilt. The doors between these two rooms and the remainder of the house were closed, and that fact alone kept the fire from spreading to the other rooms and destroying the entire structure. Neighbors helped put out the fire.

Hays carried insurance in the Orange County Farmers Mutual Fire Insurance Co. The damage of about \$200 will be met by the insurance company. R. M. Hargraves of West Orange viewed the damage for the company, of which he is president.

—Horseshoeing by experienced mechanics. Horses called for and returned. J. C. Williams & Son, Orange. Phone M 561.

—The Flower Drill and the music will be given entirely by High School students at Spurgeon's Hall, Friday evening, April 15. 25 and 35 cents.

—Good carriage repairing. Rigs called for and returned. J. C. Williams & Son, Orange. Phone M 561.

LOS ANGELES PRODUCE MARKET

Strawberry shipments Tuesday night were exceedingly heavy and all of the houses had a large supply on hand yesterday. Consequently the price dropped to 3½ and 4 cents per basket. The demand was rather good, but at some places so much stock was on hand that all could not be disposed of during the day. Rhubarb has been becoming more scarce during the last few days, until yesterday there was a famine in this vegetable, it being almost impossible to find any at all on the street. Loquats were selling well at 10 cents per pound.

Egg receipts were 517 cases, the market was quiet with prices unchanged. The most activity was in local ranch case counts. Eastern fresh were offered at 24½, but not taken at that price.

Arrivals in butter for the day were 5465 pounds, which was very much lighter than the previous day. California creamery firsts were called for at a half cent above the quoted price, but none was offered at that advance. Cooking butter was offered at 23, but there seemed to be no demand.

The demand for all varieties of cheese was very light, with the offerings large. The price of Anchor, large, dropped 1 cent a pound. Anchor, Eastern twins and longhorns were the only kinds for which there were any calls, all of which were made a few cents under the current prices. Total receipts in cheese were 859 lbs.

Arrivals in potatoes were 1698 sacks. The demand was moderate with the condition of the market unchanged.

Bermuda onions have been coming into the market in enormous quantities since the first of the week, and the prices have been lowered considerably each day. On Monday the Bermudas sold at 2.35 a crate. Tuesday the price was lowered to \$2.00 and yesterday the highest price paid was \$1.60. The demand for these onions has been fair but not near large enough to hold up the price. Onion receipts were 757 sacks.

Bean prices remained unchanged with no arrivals reported. No. 1 pinks, small whites and blackeyes were placed on the market with the demand only fair.

White and light amber honey were placed on the market a little below the current prices, but the demand was light.

There were plenty of fish of all varieties on the market yesterday. The demand was good and all kinds moved well.

LOS ANGELES WILL TRY FOR BIG MEET

Offer for International Aero Meet is Asked for by American Club

LOS ANGELES, April 14.—In a telegram to Dick Ferris, who promoted the Los Angeles aviation meet, Cortlandt Field Bishop, president of the Aero Club of America, asked on what terms Los Angeles would undertake to handle the international meet, which is to be held in America the coming summer.

The telegram was in reply to a Los Angeles bid for the meet, sent through Ferris. Bishop stated that the club was awaiting a specific offer from Los Angeles.

VIEW WAS BLOCKED SAY CORONER'S JURY

(Continued from Page One)

tinued to ring after the train stopped after the accident.

E. E. Cooley testified that Travis was an unusually careful driver, not a speeder. The machine was in good order and nearly new. He had measured the distance the freight car jutted into the street, and found the distance to be six feet.

Guy Travis said the automobile was going about five miles an hour.

Engineer Hack was very positive in everything he said. He stopped the train before the last two cars passed the crossing. The automobile ran into the engine, not the train into the automobile. The auto struck a beam on one side. It was not thrown over, but was whirled to the side. Fireman Baker and Conductor Van Why testified.

At 1:30 o'clock the coroner and the jury went to the crossing to view the scene. Coroner Smith had arranged for a demonstration with the freight cars on the siding and the engine and train crew that were in the accident.

GYPSIES MAY HAVE KIDNAPPED GIRL

Los Angeles Police Search a Camp for Missing Alma Keller of Louisville

LOS ANGELES, April 14.—Acting upon the suggestion that the white girl about ten years of age, reported as being secreted by the Gypsies camping in Arroyo Seco, may be Alma Keller, daughter of the Louisville millionaire, kidnapped several months ago, the police are today searching the camp.

The report came from Covina, where the party last camped, that the members came from the Ohio river section. Officers watched the camp for several hours last night, but were unable to locate the child.

MINORITY MEMBERS REPLY TO THE CASE HINZE CO. PROPOSAL

(Continued from Page One)

the city papers of April 13th, if such a communication can be dignified by being called a proposition, Case, Hinze Co. ask that they be allowed to deposit \$50,000 of the stock issued to them (but now under attachment) as a forfeit if they do not prove the plant to be satisfactory to the majority of the board of directors and your committee.

Case, Hinze & Co. control a majority of the stock of the corporation, and so in May next can elect a board of directors to suit themselves, so when they say the factory shall be operated to satisfy the majority of the board of directors, they mean to satisfy the Case, Hinze Co. As to your committee being satisfied, the proposition (?) of Case, Hinze & Co. says that the plant is now satisfactory to 100 out of 105 stockholders of the company. That must mean that the five stockholders not now satisfied are the undersigned and the plaintiff in the suit brought to compel them to fulfill their contract with the corporation. If that is what is meant by Case, Hinze & Co., then the members of your committee are not included by them among the dissatisfied, and from their statement you must be considered by them as among the 100 who are satisfied with the plant. It is readily understood, then, that Case, Hinze & Co. would have no hesitancy in depositing \$50,000 of stock as a forfeit when they know the persons to pass upon the sufficiency of the plant are already satisfied with it.

Our proposition provided for an absolutely non-partisan committee Case, Hinze & Co. to select two, we to select two, and the fifth to be selected by the Presiding Judge of the Superior Court of Los Angeles county, AND IN CASE SAID COMMITTEE SHOULD FIND THE PLANT ACCORDING TO CONTRACT, WE TO PAY ALL COSTS OF THE SERVICES OF SAID COMMITTEE, ALSO ALL COSTS OF CERTAIN EMPLOYEES TO BE EMPLOYED IN THE FACTORY BY SAID COMMITTEE.

The shares of stock issued to Case, Hinze & Co., and under attachment, are 1860, par value \$186,000. The amount claimed in the Hadsall suit is \$115,000. The stockholders' suit known as the Monaghan suit claims damages suffered by this corporation on account of said plant not being built according to contract of \$175,000. It is very plain that a deposit of \$50,000 value in such stock is too small to merit the slightest consideration by those having any interest in the welfare of the corporation.

Their proposition simply amounts to this: Case, Hinze & Co. will operate the factory the coming season to their entire satisfaction, and will deposit \$50,000 worth of stock to prove to themselves that they can do so, OR IN OTHER WORDS, THE CASE,

Trout Fishing

Are You Going Fishing

?
